1	Algebra Knowledge	3
1.1	Word problem review (part 1)	3
1.2	Revisiting simple linear absolute value equations	4
1.3	The square of the sums and differences	5
1.4	Word problem review (part 2)	6
1.5	Revisiting simple linear absolute value inequalities	7
1.6	The difference of the squares (part 1)	8
1.7	Work, distance and motion (part 1)	9
1.8	Linear graphs and convex regions (part 1)	10
1.9	Adding and subtracting rational expressions	11
1.10	Long division for polynomials (part 1)	12
1.11	Linear graphs and convex regions (part 2)	14
1.12	The difference of the squares (part 2)	15
1.13	Word problem review (part 3)	16
1.14	Absolute value functions and its graphs (part 1)	17
1.15	Long division for polynomials (part 2)	18
1.16	Absolute value functions and its graphs (part 2)	19
1.17	Work, distance and motion (part 2)	20
1.18	The first look at quadratic functions and parabolas (part 1)	21
1.19	Algebra practice set 1	22
1.20	The first look at quadratic functions and parabolas (part 2)	23
1.21	Work, distance and motion (part 3)	24
1.22	Absolute value functions and its graphs (part 3)	25
1.23	Algebra practice set 2	26
1.24	The first look at quadratic functions and parabolas (part 3)	27
1.25	Algebra practice set 3	28
2	Algebra Practices	29
2.1	Operations with algebraic expressions (part 1)	29
2.2	Operations with algebraic expressions (part 2)	30
2.3	Algebra practice set 4	31
2.4	Algebra practice set 5	32

2.5 Algebra practice set 6 33

3 Algebra Challenges 35

3.1 Why certain radical numbers are irrational? 35

3.2 Word problem review (part 4) 36

3.3 Work, distance and motion (part 4) 37

3.4 Practices with linear systems and convex regions (part 1) 38

3.5 Practices with linear systems and convex regions (part 2) 39
